Executive Summary of key issues

High quality and meaningful information enables people at all levels in the Trust (and external stakeholders), from the frontline to Board to:

- Judge our service quality and outcomes; and monitor progress
- Make strategic and service decisions, based on evidence
- Investigate or diagnose suspected problems, or evaluate service/practice changes
- Benchmark the Trust, against other Trusts, or internally across services

The Board is requested to **approve** this strategy

This report addresses these Strategic Priorities:	
We will deliver the best care	x
We will support and develop our staff	x
We will continually improve what we do	x
We will use our resources wisely	x
We will be future focussed	x
