

How can I contact the Intensive Team?

You can contact us on this number 365 days of the year and 24 hours a day.

01722 820173

Occasionally, you may get the answer phone. This is listened to regularly, so please leave a message.

Outside of normal office hours (Mon-Fri 9am- 5pm), your phone call will be answered by our trained switchboard message takers.

They will ask you to leave your name and phone number.

Please say you would like to speak to the South Wiltshire Intensive Team.

We will then call you back as quickly as possible.

Urgent /emergency number

If your call is urgent, a member of staff can be contacted immediately on this number:

01722 820173

**In case of medical emergencies
Dial 999**

Avon and Wiltshire 
Mental Health Partnership NHS Trust

The South Wiltshire Intensive Team

Information for service users

What is the Intensive Team?

If you experience a severe mental health crisis, the team can provide care and support at home.

Before the Intensive Team was available, this type of crisis would usually have resulted in a hospital admission.

Who are we?

We are a team of mental health workers with a broad range of skills and experience.

What do we do?

Our aim is to work closely and effectively with you and anyone caring for you.

We will:

- Work out possible reasons for your difficulties.
- Find the best ways to recover and stay well.
- Agree the frequency of contact with you and family/carers and change this in response to individual need and urgent concerns.
- Remain hopeful that change can happen for you and your family.

What happens when someone is referred to us?

A senior member of clinical staff will contact you on the day to discuss your situation. We may arrange to visit you, or we may refer you to another service, or we may refer you back to your GP.

What do we offer?

- Support to help you stay safe
- Help to recognise possible early signs of distress, and to find ways of dealing with these
- Practical support to help you to develop ways of coping, such as anxiety management and relaxation
- Advice about medication
- Support to help you feel less isolated and to get involved in activities and groups of your choice
- Practical help with daily living such as help with benefits, housing, budgeting, shopping, and childcare advice
- If you are admitted to hospital and it is indicated, we will support you in getting home as soon as possible
- Support and information for carers and families on aspects of mental health treatments and local support networks

How long do we provide support?

Our service is short term, often between four and six weeks.
